### GLOBAL YOUTH CHANGEMAKERS PROGRAM

#### Cohort: SEPTEMBER 2025

**Hosted by the Global Goodwill Ambassadors Foundation (GGAF) and the Federation of International Gender and Human Rights Organization (FIGHR)**

At **GGAF** and **FIGHR**, we are dedicated to empowering the younger generations with the knowledge and skills needed for impactful humanitarian work. Our mission is to inspire and guide them in understanding the significance of community service and the ways they can contribute meaningfully to their communities.

Throughout this enriching program, participants will engage in several interactive Zoom sessions, where they will learn from experienced humanitarian leaders and volunteers. These sessions are designed to foster a deep understanding of global issues and cultivate a spirit of empathy and action.

In addition to the Zoom sessions, we offer two essential courses through our GGAF Learning Institute and our partner Federation of International Gender and Human Rights (FIGHR). These classes provide a comprehensive curriculum that covers the principles of the United Nations Sustainable Development Goals (SDGs) and Sexual and Gender Based Violence.

By the end of this program, participants will not only gain valuable knowledge and experience but also be inspired to become proactive changemakers in their own communities and beyond. Join us and be a part of this transformative journey towards a better, more compassionate world.
